Decorative Steel and Copper Chimney Pots

Mason Lite's Decorative steel and copper chimney pots offer an alternative to unsightly factory flue caps and terminations. Available in 4 designs and in 3 colors of painted *Kynar* steel or in solid 16 oz. Copper, Mason Lite offers a chimney pot for any exterior.

In addition to improving the aesthetics of a chimney top, Mason Lite's chimney pots are designed to replace all-fuel factory flue caps and work in conjunction with gas and direct-vent flue caps, offering additional protection from the elements.
